3rd function service is a standard feature of the CLX series loaders.

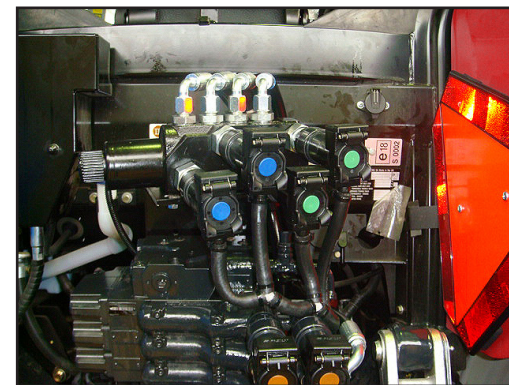

Contact your local tractor dealer for model compatibility of all Challenge products and accessories.

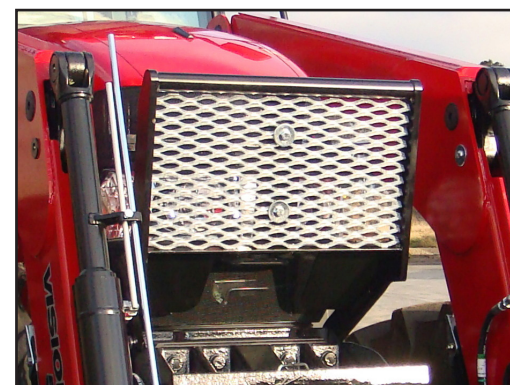

Midmount Remotes Kit: Integrated loader controls utilising host tractor joystick conveniently positioned in the existing control console.

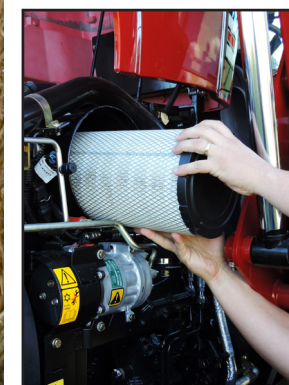

Auxiliary Valve Kit: Multi-position joystick control to suit individual operator requirements. Loader connection is easy with a multi-coupler.

Electric Diverter Valve Kit: Switch between the rear control or the loader control from within the cabin, with a press of a button, increasing your productivity.

Guard Options: Protect the front of your investment with a grille guard or bump guard.

Service Access: Easy access to all the serviceable parts and components of your tractor, including air filters, oil filters and sump plug.
