3rd function service is a standard feature of the CLX series loaders.

Contact your local tractor dealer for model compatibility of all Challenge products and accessories.

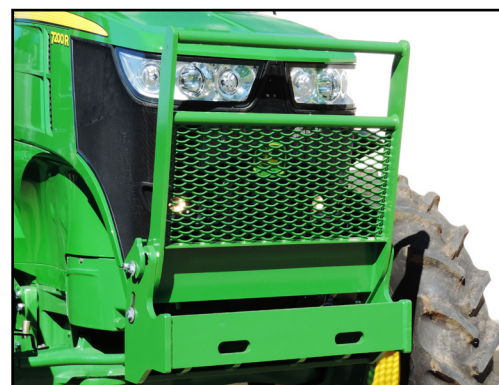

Auxiliary Valve Kit: Electric joystick control positioned to suit operator requirements. Loader connection is easy with a multi-coupler.

Midmount Remotes Kit: Integrated loader controls utilising host tractor joystick conveniently positioned in the existing control console.

Service Access: Easy access to all the serviceable parts and components of your tractor, including air filters, oil filters and sump plug.

Guard Options: Protect the front of your investment with a grille guard. The fold down grille guard, provides a more compact and functional design giving you access to all serviceable components of the tractor.
